MEMORANDUM FOR THE RECORD

SUBJECT: Meeting of 28 July 1967 on JCAE Study

1. The meeting called and chaired by the undersigned was held at CIA on 28 July 1967 to discuss the intelligence aspects of a draft JCAE study "Concerning the Impact of Chinese Communist Nuclear Weapons Progress on United States National Security." The discussion of the meeting was limited to intelligence aspects of the JCAE study, namely to the question of finding phraseology that best expresses intelligence community judgments and that could be proposed as a substitution for or amendment to language now in the text of the Joint Committee report. The proposed changes are attached (attachment 1). These proposals were accepted for their Agencies by the participants who are listed in attachment 2.

2. The undersigned undertook to discuss these changes with the Joint Committee staff and to urge that they be incorporated in the report.
